## PRESIDENT WON'T STAND FOR HIGH PRICED WHEAT

(By Associated Press.) WASHINGTON, July 12.—The president today vetoed the annual agricultural appropriation bill containing an amendment increasing the price of wheat to \$2.40 a bushel.

## FIVE AMERICAN AVIATORS LOST

(By Associated Press.) WASHINGTON, July 12.—Five American airplanes on a bombing expedition have failed to return and General Pershing's communique reported that five airplanes are in German hands.

## HEAVY PENALTY FOR WEARING ALLIED UNIFORMS

(By Associated Press.) WASHINGTON, July 12.—The president signed a bill today providing penalties of \$300 fine with six months' imprisonment for wearing the uniform of a friendly nation.

## NEVADA MAN IS IN CHARGE OF SOLDIERS

Capt. C. N. Clark, for several years connected with the Nevada state police and also with the tax commission, has been placed in charge of a detachment of 170 soldiers to be drilled at the Oakland Technical high school. Captain Clark received his commission in the national army at the second officers' training camp and has been stationed at Camp Lewis since that time. He saw service in the Philippines during the Spanish-American war.

## HOTTEST DAY LAST YEAR

71's day last year was the hottest day recorded in Tonopah. The mercury ran up to 94 compared with 75, today's maximum.

## FIRST AID TAUGHT YOUNG SWIMMERS

The Boys Scouts are not forgotten during the holidays for their welfare is constantly in the minds of the directors who are devising means of keeping the boys interested in their duties. The latest development is a swimming class which held its first session last evening at the city plunge where over two score lads enjoyed themselves for an hour under the supervision of Prof. T. W. Chapman, who began instructing the younger ones in the art of swimming. First aid instructions for drowning cases were included in the course. When time was called the youngsters reluctantly retired to the dressing rooms to remove their bathing suits, but no sooner were they in Nature's garb than they yielded to the call of the wild and with one rush every kid was in the water without a stitch of clothing. For the second time the bunch was herded to the platform when somebody yelled "Ladies coming," and with another wild swoop every mother's son of the gang sought safety in the water.

## AUTO DROPS OFF BRIDGE; NO ONE INJURED

An automobile containing five well-known Reno residents, Judge Turner, C. C. Hollenbeck, A. A. Hibbard and Mr. and Mrs. Riley, crashed through the side railing of a narrow bridge near Loyalton, Tuesday afternoon, dropped six feet into the dry bed of a creek, turning on its side, and not one of the occupants of the machine was injured. The car was only scratched in a few places.—Reno Gazette.

## BUYS A GOOD CORNER

A sale that involves one of the most valuable pieces of real estate in Winnemucca was closed here Monday when the Summerfield-Pearce company disposed of its livery and feed stable and a number of lots at Bridge and Second streets to W. L. Wilkinson, a well-known resident of Winnemucca.—Humboldt Star.

## DEATH OF PIONEER LADY

Mrs. George M. Southward passed away at Battle Mountain at 1 o'clock Wednesday morning. Death was from acute tonsillitis, of which she had been ill only four or five days. The news of Mrs. Southward's death came as a distressing shock to the people of Winnemucca, to whom she had endeared herself so strongly since she came here five years ago to make her home. Only last week she went to Battle Mountain to attend to some business affairs and when she left here she seemed to be in the best of health.

Five years ago she was married to George M. Southward and shortly after this union the family moved to Winnemucca. Mr. and Mrs. Southward purchased the fine residence owned by Simon Reinhart on West Second street.—Humboldt Star.

## DAY OF NATIVITY UNKNOWN

World Has Only Tradition to Rely Upon as to Date of the Birth of Christ.

The traditional 25th of December as the date of the birth of the Savior has no historical authority beyond the fourth century, when the Christmas festival was introduced first in Rome (A. D. 800), on the basis of several Roman festivals (the Saturnalia, Sigilaria, Juvenalia, Brumalia, or Dies natalis Invicti Solis), which were held in the latter part of December, in commemoration of the golden age of liberty and equality, and in honor of the sun, who in the winter solstice is, as it were, born anew, and begins his conquering march. The only indication of the season of Christ's birth is the fact that the shepherds were watching their flocks in the field at the time (Luke 11:8), and this fact points to any other season rather than winter, and is, therefore, not favorable to the traditional date. Besides, the ancient tradition is of no account here, as it varied down to the fourth century. Clement of Alexandria relates that some regarded the 25th, Pachon (i. e., May 20), others the 24th or 25th, Pharmuthi (April 19 or 20), as the day of Nativity.

As to modern research, the only point on which divines generally agree is that Christ was not born on Christmas day, while numerous learned authorities put the birth on almost every date of the year.

## Sheep Has Wooden Leg.

Charles Krauter, living near Bucyrus, O., had a lamb get tangled up in a fence and injure its leg. The veterinarian told him the leg had to come off. Krauter did not want to lose the lamb, so minus the leg he nursed it back to health and then fixed up a peg leg for it.

Now the lamb has grown to be a sheep and still stumps around on the wooden leg. Occasionally the wooden member becomes loose and falls off, and the sheep then hobbles over to a soft spot and waits until some one comes along to fasten the leg on again.

The wooden leg doesn't interfere with the sheep growing wool. Mr. Krauter says, and wool is wool now.

If a man only had the balance of a suit of clothes to go with all his extra vest!

## Knitting Women

By KATHLEEN NORRIS.

("Of one million sweaters furnished by the Red Cross to American soldiers, half were made by the hands of the knitting women of America."—January Report.)

We are the knitting women; weaving swift  
Our webs of olive drab and navy gray;  
We are the women, keeping thought away  
By this new work of love, this eager gift  
Through which our men, facing the bitter fight  
Under the stars of far and foreign lands,  
Shall know that still a million women's hands  
Uphold them in the darkness and the night.

We are the knitting women, knitting fast  
A web of love; our million hearts are sent  
As one, with every marching regiment,  
Love's own democracy is come at last.  
High over stricken France the black smoke towers;  
Beneath it, in the hurry and the noise  
Are eastern, western, northern, southern, boys,  
No longer yours or mine,—forever ours!

We are the knitting women; weaving strong  
A web of prayer; our eyes with tears are dim,  
But, wife or mother, we shall search for him  
Across the seas, morning and even-song.  
Lord God,—we pray—look down on what we do!  
Bless this our work, help us to play our part.  
The God of Battles—Father, still Thou art  
The God of waiting—waiting women, too!

## Value of Publicity in Finding Recruits

The magic wand used by the two recruiting officers engaged in Nye county is publicity and both officers know the full value of that instrumentality in gaining their end. Both men in civil life were in close touch with the newspapers and know their value when it comes to getting in touch with the people. Sergeant Jeffery was head of one of the chief departments of the Emporium. He is an only son but that fact did not keep him from offering his services to his country. Coming from New York originally the sergeant has the advantage of having lived several years in London, Edinburgh and Glasgow and was in the British metropolis during one of the air raids. Corporal Shoemaker has been all the way from Cuba reporter to owner of a daily newspaper. When he entered the service he held the very desirable position of publicity agent for the San Francisco chamber of commerce and also acted as assistant director in San Francisco of the third Liberty loan. During the war savings stamp campaign he was publicity manager for northern California. In his early newspaper life Corporal Shoemaker found a footing in the office of the New York World where he spent his cubing days and advanced until he landed at the top as manager of the Associated Press office at Harlem, leaving that position to take up the Wayneburg, Pa., Times, which he bought and edited. He also served as city editor of the Pittsburgh Times and assistant city editor of the Chicago Record Herald.

## VITAL STATISTICS FOR JUNE MONTH

The monthly report for June on births and deaths in Nye county issued today by Dr. C. J. Richards, health registrar, shows four births and five deaths as follows.

Deaths—Martin Brett, 35, fractured skull (mine accident); Paul Stelenovich, 32, tuberculosis; Tony Marchetti, 53, tuberculosis; John Musser, 36, suicide, all of Tonopah. Mrs. Etta Johnson, 46, uraemic poisoning, of Currant.

Births—Daughters to Charles L. Fancher, George Panovich, Thomas Grady and John Kusma, all of Tonopah.

This established a record as the first month that no boys were born in this county.

## SIGNAL CORPS JOBS FOR RADIO OPERATORS

War emergency training classes have recently been established to train radio operators for government service.

These classes offer wonderful opportunities to young men intending to enlist and to draft registrants not yet called, to not only better their future position and pay in the service but also make themselves of more value to the country. The course is primarily to teach the students to send and receive messages by the Continental telegraph code. To those who attain a proficiency of sending and receiving of 10 words per minute or better the government guarantees an assignment to the signal corps unless there is some positive reason for not doing so. It is estimated that this proficiency can be attained in three weeks' of earnest work.

Tuition is free and equipment is furnished, the students must provide for other expenses. Classes have been established or are being organized in Reno, Winnemucca, Elko, Ely, Las Vegas, and Tonopah. Those eligible or liable for service should write or interview one of the following: Charles H. Burk, Reno; C. C. Wright, Winnemucca; Prin G. C. Jensen, Elko; Arthur Smith, East Ely; Edward W. Clark, Las Vegas; L. L. Murrell, Tonopah.

## ON SICK LIST

George Catton, is ill at the home of his sister, Mrs. E. Lindsay, with stomach trouble. George arrived a few days ago from Tonopah for a short vacation and since his arrival was taken sick.—Carson News.

## IRISH PERSISTENCY IN FACE OF DEATH

Hugh Brown brought this war story back from San Francisco: Pat Cassidy was a corporal in the Belfast fusiliers. He was captured on the third day of the March drive. On the way back to the detention post he repeatedly remarked: "We Irish gave you Germans hell at the Marne." This so displeased his captors that they locked Cassidy in solitary confinement in a small building. Cassidy stood all day at the only window of his prison and every time a Hun passed that way Pat bombarded him with "We Irish gave you Germans hell at the Marne." Presently an officer passed by. Cassidy gave him an earful of "We Irish gave you Germans hell at the Marne." This so enraged the officer that he brought the fusilier out and ordered him to be shot. Before executing the order the officer said: "You have one chance for your life. The execution will be revoked if you will take an oath of allegiance to Germany." "Well," said Pat, "if it stands that way, I'll take the oath." He held up his right hand and was sworn. "Am I a German now?" asked Cassidy. "Yes, you are a German," replied the officer. "Well," said Pat, "Thim Irish certainly gave us Germans hell at the Marne."

## GEORGIE MONEY WINS SCHOLARSHIP

Thomas F. M. Fitzgerald, chairman of the scholarship committee of the big brotherhood committee of the Elks, announced today that the scholarship for 1918 was awarded to Miss Georgie Money, who was the best of the three contestants, leading the second candidate by a mere fraction. This entitles Miss Money to tuition at the University of Nevada during their four year course. Miss Money is the daughter of Mrs. J. J. Johnston and had a remarkable record in the finishing year of Tonopah high, where she graduated last June at the age of 17 years and after having had only three years in the class. She showed remarkable aptitude in mathematics, having achieved an almost perfect record with only two years while others of the class enjoyed four years. The winner of the scholarship does not know of her good fortune as she left yesterday to spend the summer in the country.

## RUSSELL FORMAN ENTERS THE NAVAL SERVICE

Mr. and Mrs. William Forman intended leaving in a few days for Yuma, Arizona, to see their boy, Russell, who had just come of age and whom they were informed had enlisted and was about to leave for a training camp. At the last minute almost they got word that Russell had gone into the navy and been assigned to Vallejo, Marcell, another son, is now stationed with the infantry at Camp Cody, N. M.

## LARGE ATTENDANCE AT DOMENICO FUNERAL

The funeral of the late James Domenico, who was killed in the Tonopah Extension mine, was held yesterday afternoon from the undertaking parlors where many friends of the deceased assembled to pay their last respects to the memory of the man. Interment was in the local cemetery.

## FUNERAL THIS AFTERNOON

The funeral of Miss Ethel Benning, who died Thursday morning, took place from the undertaking parlors of Wonnacott & Cavanaugh this afternoon at 2 o'clock.

## GIRLS IN BOX FACTORY

The Verdi Lumber company is putting girls to work in its box factory at Verdi and a number of local girls are preparing to take up the work.

The "work-or-fight" order ought to be built so that it will catch the woman who thinks she cannot live without her lap dog.

## JAP DESTROYERS CHASE U-BOATS

(By Associated Press.) TOKIO, July 12.—Engagements with enemy submarines by Japanese destroyers in the Mediterranean, indicate the increased activity on the part of the U-boats in the waters guarded by the Japanese fleet. An official announcement says that the Japanese fleet has always acted in closest co-operation with the allied fleet and that recently extraordinary activity on the part of the enemy, both day and night, has kept the Japanese fleet more occupied than ever.

## COURT RULES AGAINST LAURANCE LICENSE

Judge Averill, in ruling on a demurrer in the case of W. F. Laurance vs. W. H. Thomas et al., relating to the refusal of the liquor board of Nye county to issue a license, decided in favor of the board, explaining his views in a long decision in which he takes the ground that: "It is well settled that a board having the right to exercise discretionary powers may exercise them without interference from the courts except when they have been exercised fraudulently or there has been an abuse of discretion."
